

# Tere For AREA 12 Director

## Sometimes the Best Man for the Job is a Woman

**"My experience spans 1979 to the present"**

**My SCCA experience started in Solo auto crossing a Ladies AP Lotus Europa and I also volunteered in the race program as a Pit Marshall at Road Atlanta and then T&S. I currently hold a Divisional Registrars License.**

**I took a break from SCCA 1989-1997 to raise my babies.**

**1998-2004 I volunteered on the Atlanta Region SCCA Board of Directors and during that span I was the Solo Chairman, Race Chairman, and Assistant RE. I then served as Atlanta's Regional Executive from 2005-2011. Currently my husband Larry and I are the Social Chairmen for the SEDiv.**

**I have won many awards from Atlanta Region: Member of the Year, RE's Award, the Dave Tallaksen Award, and Worker of the Year.**

**My most recent award (which I was so honored to receive) was SEDiv's Robert W. Clark Award: an award presented annually by the Florida Region "in recognition of participation and dedication in the spirit of SCCA".**

**What is my vision?**

I do feel I carry the "spirit of SCCA". We all belong to this club for the same reason: we love cars! I love cars fast cars, slow cars, even ugly cars and I love being with people that have that same passion. If elected I want to build on that passion and focus a little more on the "social" part of SCCA that seems to have fallen off.

While I was the RE of a "jumbo" region I did not believe in micro management and still don't. I knew what Atlanta Region needed and we ran a very efficient region. With all due respect I did not need a BoD to tell me how to run my region and that is no different today.

As a Solo chairman and being involved in the very successful Atlanta Region Solo program I would like to see some kind of National Recognition with the dues structure for all Solo Chairman and organizers similar to the one with race Volunteers. The hours put into organizing and orchestrating a successful Solo program are invaluable to our club and those people should be recognized for their efforts.

I do believe there have been great strides in our racing programs – the Majors have been a great step in the right direction – but there is still more to be done . I fully embrace the concepts presented by the Barriers to Entry programs and the Alternative Drivers Schools that better allow us to compete heads-up with other racing organizations.

If elected, I will report regularly to the membership and have an open door policy. My plan is to travel to events of all types throughout the Area and be available to talk to YOU, the members that make this a great club. Please feel free to email with with questions or concerns at: [tereforarea12@gmail.com](mailto:tereforarea12@gmail.com)

I am excited about this next chapter in my SCCA life as I look forward to being your Area 12 Director, so thank you for your consideration.
